

IMPORTANT NOTICE

Regarding Christmas, New Year and 2021/22 Public Holidays

Introduction

In accordance with the National Joint Council for the Building and Civil Engineering Industry, please note that all our sites will be closed and all plant off-hired as of Wednesday 22nd December 2021 at 4.00pm. Business will resume at our normal starting time on Tuesday 4th January 2022.

We suggest however that your plant remains on site, as it will be required for the immediate use on Tuesday 4 January 2022. We will extend normal Insurance Cover for this period. Should this arrangement be unacceptable, please arrange for the removal of the plant and ensure it is replaced by 7.30am on Tuesday 4 January 2022.

For any plant items that must be removed from site during the above-mentioned dates, we would kindly request that you give us at least 5 working days' notice so that this may allow us enough time to plan our transportation schedule.

In connection with the shutdown of our sites, please see dates below when our sites will be closed during 2022. We will extend normal Insurance Cover and plant will be required for use from 7.30am the following day.
